RE: STATEMENT OF POSTPONEMENT

Ayana Magazine regrets to inform the public about the postponement of the 1st Annual Ayana Magazine Entrepreneurship Workshop. The postponement is as a result of unforeseen circumstances encountered during our final preparations.

It was after tireless efforts and robust engagements with all the stakeholders that we reached this conclusion being in the best interest of our clients and prospective attendees.

We sincerely apologise for any inconvenience caused, and we would like to assure all those that have already bought tickets that they will be fully reimbursed. Communications of said reimbursement will be announced soon.

We want to guarantee the members of the public that we are still committed to launching these annual entrepreneurship workshops.

We will communicate the new details of this year's workshop in our various social media platforms.

Thank you!

D. Ngwenya
